# **Opinion**

We have audited the accompanying financial statements of United Way of the Dutchess-Orange Region, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of the Dutchess - Orange Region, Inc. as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of the Dutchess - Orange Region, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of the Dutchess Orange Region, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of the Dutchess Orange Region, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Note 1 Nature of Organization**

United Way of the Dutchess - Orange Region, Inc.'s ("United Way") mission is to fight for the health, education, and financial stability of every person in our community. United Way's support comes primarily from campaign contributions from individuals and corporations who reside in or conduct business in Dutchess and Orange Counties, in New York State along with contributions from individuals and private foundations; government grants and contracts; and special events.

### Note 2 Summary of Significant Accounting Policies

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

#### **Net Asset Classification**

Net assets are classified and reported as follows:

Net assets without donor restrictions — Net assets that are not subject to donor-imposed restrictions and are available to support and fund United Way programs and other organizations through the granting of amounts raised during the annual campaigns. Donor-restricted contributions are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. The Board of Directors has designated from net assets without donor restrictions, net assets for a board designated endowment.

<u>Net assets with donor restrictions</u> – Net assets subject to donor-imposed stipulations that are available to fund programs and organizations in Dutchess and Orange Counties where grant recipients and amounts are specified by the donor. Additionally, net assets with donor restrictions include net assets subject to donor-imposed stipulations that require that they be maintained permanently. Generally, the donors of these permanent assets permit United Way to use all or part of the income earned on these investments for general or specific purposes.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. Estimates that are particularly susceptible to change relate to the determination of the allowance for pledges receivable and the allocation of functional expenses.

#### Cash and Cash Equivalents

United Way considers all investments in money market accounts absent of withdrawal restrictions and demand deposits at banks to be cash and cash equivalents.

#### **Investments**

United Way holds investments in brokerage accounts which are reported at fair value based quoted market prices. In addition, United Way holds investments in pooled investment accounts at the Community Foundations of the Hudson Valley ("CFHV") and the Community Foundation of Orange and Sullivan ("CFOS"). The assets held in the pooled accounts are presented at fair value using United Way's share of the CFHV and CFOS investment pool at the measurement date. CFHV and CFOS value securities and other financial instruments on a fair value basis of accounting. The estimated fair value of investments of the CFHV and CFOS are determined by the management of CFHV and CFOS and may not reflect amounts that could be realized upon immediate sale, nor amounts that ultimately may be realized. Accordingly, the estimated fair values may differ from the values that would have been used had a ready market existed for those investments.

### **Property and Equipment**

Property and equipment are recorded at acquisition cost if purchased and at estimated fair value if donated. United Way's policy is to expense the purchase of property and equipment under \$1,000. Buildings, building improvements, furniture and equipment are being depreciated over estimated useful lives of three to thirty years using a straight-line method. Depreciation expense amounted to \$24,939 and \$26,263 for the years ended June 30, 2023 and 2022, respectively.

### **Endowment Classification, Investment and Spending Policies**

GAAP provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and the related disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA. United Way is subject to the New York State enacted version of UPMIFA.

Under the terms of the directives, the Board of Directors can be given the ability to distribute so much of the corpus of any endowment or separate gift, devise, bequest, or fund as the Board in its sole discretion shall determine. As a result of the ability to distribute corpus, all contributions not classified as with donor restrictions are classified as net assets without donor restrictions for financial statement purposes.

## **Revenue Recognition**

Annual campaign contributions are generally available for unrestricted use in the campaign year unless specifically restricted by the donor. Unconditional pledges are recorded as earned when pledged. The majority of pledges are received from a broad base of Dutchess and Orange County contributors as a result of the annual campaign. Pledges receivable are stated at their net realizable value. At least annually, management reviews past due receivables and writes off those balances deemed uncollectible after all reasonable collection efforts have been exhausted. An allowance for uncollectible promises is provided based on management's evaluation of potential uncollectible promises receivable. Management uses various factors to determine the allowance including assessments of historical uncollectible rates and adjusting for current local economic conditions to arrive at the most likely loss rate.

Contributions are recognized when cash, securities or other assets; unconditional promise to give; or a notification of a beneficial interest is received. Contributions are reported as donor-restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Contributions received with donor restrictions met in the year received are reported as revenue without donor restrictions.

Conditional promises to give (that is those with a measurable performance or other barrier and a right of return) are not recognized until the conditions on which they depend have been met. A portion of United Way's revenue is derived from federal and state contracts and grants which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when United Way has incurred expenditures in compliance with the specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statements of financial position.

Endowment funds are comprised of contributions and investments and are classified as net assets with donor restrictions or board-designated net assets without donor restrictions. Investment earnings on endowment funds with donor restrictions are classified as net assets with donor restrictions until appropriated for expenditure, at which point they are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. All other earnings are classified as net assets without donor restrictions.

United Way recognizes revenue from exchange transactions related to fundraising events when the fundraising event has been held and collectability is assured. Revenue received for future events is deferred and recognized as revenue when the event is held.

### **Advertising and Marketing Costs**

Advertising and marketing costs are expensed when incurred. Amounts incurred for advertising and marketing were \$47,131 and \$9,046 for the years ended June 30, 2023 and 2022, respectively.

## **Functional Allocation of Expenses**

The cost of providing the various programs and the supporting services has been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and the supporting services in reasonable ratios determined by management that are consistently applied. All direct expenses related to a department or program are allocated fully to the appropriate program or supporting service as incurred. All indirect expenses are allocated among programs and supporting services based on full-time equivalent weighted salary percentages.

#### Fair Value Measurement

United Way determines the fair market value of its financial instruments based on the fair value hierarchy established by GAAP. United Way is required to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy requires that all financial instruments measured at fair value are classified as Level 1, Level 2, or Level 3.

- Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities and derivative contracts that are traded in an active exchange market.
- Level 2 inputs are observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable.
- Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability. Level 3 assets and liabilities include financial instruments whose value is determined by using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

#### **Measure of Operations**

In its statements of activities, United Way includes in its definition of operations all revenue and expenses that are an integral part of its program and supporting activities. All endowment activity and other items that management considers not an integral part of its program and supporting activities are recognized as non-operating activities. Non-operating investment income is generated from United Way's endowments; operating investment income is generated from interest and dividends on cash reserves and brokerage account investments.

#### **Income Taxes**

United Way is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes. It is not classified as a private foundation under Section 170(b)(1)(A)(vi).

Management evaluates tax positions taken by United Way and recognizes a tax liability if United Way has taken uncertain tax positions that more likely than not will not be sustained upon examination by the Internal Revenue Service. Management has concluded that as of June 30, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. United Way is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In the event that United Way incurs any interest and/or penalties, it will present interest as a component of interest expense and penalties as a component of office expense in the year incurred.

#### Adoption of New Accounting Standard

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases* (Topic 842), which superseded existing guidance in Topic 840, *Leases*. The FASB subsequently issued additional ASUs which amended and clarified the originally issued guidance. Topic 842 was intended to increase transparency and comparability among reporting entities with respect to leasing transactions. Topic 842 amends both lessor and lessee accounting for periods beginning after December 15, 2021. For lessees the most significant change is the requirement to recognize right-of-use (ROU) assets and lease liabilities on the statement of financial position for operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

United Way adopted ASU 2016-02 and related subsequent clarifying standards as applicable effective July 1, 2022, using a modified retrospective approach. United Way has elected the transition package of practical expedients that permitted it to not reassess its prior conclusions about lease identification, lease classification, and initial direct costs for existing or expired leases. United Way determines if an arrangement is a lease, or contains a lease, at inception and only reassesses its determination if the terms and conditions of the arrangement are changed. United Way has elected to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, rather United Way recognizes lease cost associated with its short-term leases on a straight-line basis over the lease term. In addition, it adopted ongoing accounting policies to not separate lease and non-lease components and to use the risk-free rate as the discount rate for all classes of underlying assets.

As a result of the adoption of ASC 842, on July 1, 2022, United Way recognized operating lease liabilities of \$19,973 for its existing operating leases of office equipment, which represented the present value of the remaining operating lease payments of \$21,136, discounted using the risk-free rate, and operating lease ROU assets of \$19,973. The ROU assets represent United Way's right to use the underlying assets. The adoption of the standard did not have a significant impact on the statements of activities or cash flows. The adoption of ASC 842 had no effect on beginning net assets. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

## Note 3 Liquidity and Availability of Resources

United Way meets cash needs for expenditures with grants and campaign contributions received throughout the year. Campaign pledges may be designated by donors and grants may be for specific programs. United Way has the following financial assets that could readily be made available within one year of the statement of financial position date to fund expenses without limitations as of June 30:

### Note 5 Investments, Broker Held

United Way holds investments in government and agency securities, corporate bonds, equities and mutual funds in its brokerage account that are recorded at fair value in the amounts of \$1,639,211 and \$1,494,497 at June 30, 2023 and 2022, respectively.

#### Note 6 Pooled Investments and Endowment

United Way's endowment funds consist primarily of pooled mutual funds managed and held by the CFHV and CFOS. A portion of these investments are classified as with donor restrictions and the remainder represents amounts without donor restrictions. All amounts without donor restrictions have been designated by the Board for unspecified purposes.

Expenses relating to investment revenues include custodial fees and investment advisory fees; these amounted to \$27,524 and \$26,135 for the years ended June 30, 2023 and 2022, respectively. These expenses are netted against investment return in the accompanying statements of activities.

The following represents the activity by net asset class in the endowment for the year ended June 30, 2023:

Level 2 assets are valued using pricing models maximizing the use of observable inputs for similar securities.

The fair value of the pooled endowment investments is based on the fair value of the fund investments as reported by CFHV and CFOS. These are considered Level 3 investments. The following is a reconciliation of the beginning and ending balance of assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended June 30,

	2023	2022
Balance – beginning of year	\$ 2,352,913	\$ 2,727,226
Distributions	(93,686)	(89,946)
Investment performance – net	196,897	(284,367)
Balance – end of year	\$ 2,456,124	\$ 2,352,913

The summary of changes in fair value of Level 3 assets has been prepared to reflect the activity in the same categories as those provided by CFHV and CFOS. Net investment performance includes realized and unrealized gains (losses) on investments, investment income and administrative fees and is included in non-operating activities in the statements of activities. Typically, distributions decrease United Way's respective financial assets and increases cash and cash equivalents at the time of distribution.

### **Note 10 Paycheck Protection Program**

In response to the COVID-19 pandemic, the Paycheck Protection Program ("PPP") was established under the CARES Act and administered by the Small Business Administration ("SBA"). Organizations who met the eligibility requirements set forth by the PPP could qualify for PPP loans. If the loan proceeds are fully utilized to pay qualified expenses, the full principal amount of the PPP loan, along with any accrued interest, may qualify for loan forgiveness, subject to potential reduction based on the level of full-time employees maintained by the organization.

When it applied for the PPP loans, United Way believed it would qualify to have the loans forgiven under the terms of the PPP, and therefore considered the funding to be conditional grants. United Way accounted for PPP loans in accordance with ASC 958-605, *Not-For-Profit Entities: Revenue Recognition* which indicates that the conditions of the contribution/grant should be "substantially met" by the entity before the receipt of assets is recognized as a contribution.

During the year ended June 30, 2021, United Way received its second PPP loan of \$183,131. This loan was fully forgiven by the SBA during the year ended June 30, 2022. During the year ended June 30, 2022, the remaining conditions that were not previously met as of June 30, 2021 were met and the remaining balance of \$31,132 was recognized as Paycheck Protection Program grant income on the statements of activities.

# **Note 11 Capital Lease Obligations**

United Way leased office equipment under capital leases with total capitalized costs of \$21,942 as of the beginning of the year ended June 30, 2022. These capital leases expired during the year ended June 30, 2022. Accumulated depreciation in the statement of financial position at June 30, 2022 includes \$18,852 in relation to the leased assets. Amortization of capital leases in the amount of \$3,090 was included in depreciation expense reported in the statement of functional expenses for the year ended June 30, 2022.

### **Note 12 Net Assets with Donor Restrictions**

#### Note 13 Pension Plan

United Way has a defined contribution pension plan covering substantially all employees. Employees who are age 21 or older and have completed one year of service are eligible to participate in the plan. Employees who were previously employed at another nonprofit organization for at least three years are immediately eligible to participate in the plan. United Way's contributions to the plan are equal to 8% of compensation. The amounts are included in employee benefits in the statements of functional expenses and totaled \$49,838 and \$52,914 for the years ended June 30, 2023 and 2022, respectively.

## **Note 14 Operating Leases**

The United Way has two office equipment leases classified as operating leases. The leases have non-cancellable lease terms which expire in September 2025 and January 2027. Total lease expense related to these leases was \$5,472 and \$3,816 during the years ended June 30, 2023 and 2022, respectively, and is included as a component of postage and telephone on the statements of functional expenses.

The Organization also rented office space on a month-to-month basis during the year ended June 30, 2023. Short-term lease expense for this office space was \$2,400 for the year ended June 30, 2023 and is included in occupancy on the statement of functional expenses.

The future maturities of lease liabilities under the office equipment leases as of June 30, 2023 are as follows:

Years Ending June 30,		
2023	\$	5,354
2024		5,354
2025		3,316
2026		2,637
2027		1,318
Total	\$	17,979

#### **Note 15 Donated Goods and Services**

Contributions of nonfinancial assets are recognized as in-kind contributions at their estimated fair market values in the statement of activities in the year they are received and reported as expense when utilized as part of program costs or fundraising events, generally in the same fiscal year.

Contributions of clothing, household goods, books and various other items ("donated goods") for the years ended June 30, 2023 and 2022 amounted to \$295,925 and \$326,509, respectively.

Contributed services that create or enhance nonfinancial assets or that require specialized skills, and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation consisted of advertising and marketing in the amount of \$58,793 and \$44,667 for the years ended June 30, 2023 and 2022, respectively, and facility rental costs of \$1,660 for the year ended June 30, 2023.

# **Note 15 Donated Goods and Services (continued)**

In addition, United Way receives a significant amount of donated services from unpaid volunteers who assist in fundraising and special projects for which no amounts are recognized in the statements of activities because they do not meet the criteria for recognition under GAAP.

### Note 16 Concentrations, Risks and Uncertainties

United Way receives a substantial amount of donations from public support concentrated in Dutchess and Orange Counties in New York State. If a significant reduction in the level of this support were to occur, it may have a significant effect on the programs and activities of United Way.

United Way maintains its bank and money market accounts with high credit worthy financial institutions, with funds in excess of limits set and insured by the FDIC and coverage provided by the SIPC. United Way's endowment accounts are pooled and maintained with other financial institutions with funds that are in excess of limits set and insured by the FDIC and coverage provided by the SIPC. United Way has not experienced any losses on such accounts. Management believes that United Way is not exposed to any significant credit risk related to those accounts.

United Way invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

## **Note 17 Contingencies**

Certain grants received by United Way may be subject to audit and adjustment by the funding agency or its representative. If grant revenues are received for expenditures which are subsequently disallowed, United Way may be required to repay the revenue to the funding agency.

### **Note 18 Related Party Transactions**

United Way conducts business with various vendors in Dutchess and Orange Counties. Several of these vendors have principals or employees serving on United Way's Board of Directors. Payments for these goods or services may not represent the amounts that would have been paid under an arms-length transaction. Each member of the Board of Directors is required to sign a conflict-of-interest statement and all purchases go through United Way's regular purchasing processes. United Way has determined that none of these expenditures were material during the years presented. United Way also solicits and receives contributions from its employees, members of its board of directors and their employers.
