Our Mission & Vision

Our Mission: United Way of the Dutchess-Orange Region builds a stronger, healthier community by raising resources and forging partnerships that make a measurable difference in people's lives.

Our Vision: As the area's premier impact organization, United Way of the Dutchess-Orange Region serves as a catalyst to increase the community's capacity to improve the lives of its citizens.

We have a vision into the future that is strongly focused on a movement that joins together all sectors of the community. It includes **Government, Business, Community Members, Non-profit and Education** to utilize community assets to develop regional responses that bring about positive, measurable change to the issues facing our communities

Workplace Campaign

A workplace campaign is an organized, company-sponsored fundraising drive where employees are asked to contribute to the community.

Some goals of the workforce campaign are to:

- Educate employees and organizations about community issues – connecting them with their community and allowing them to make informed decisions.
- Maximize the impact of giving – one gift can support multiple programs.
- Make it easy for employees to give – through payroll deduction, a gift can be made over the course of a year.
- Ensure that community partners get the support they need, especially in these challenging times.
- Bring together employees in a fun, educational and inspiring way to help support the local community.

Employee Giving

When an employee makes the decision to contribute through the workplace campaign, there are several ways for them to do so.

For locally managed campaigns, employees may give through payroll deduction, check, cash, or credit card. This can be done either through a paper pledge form or, if your organization is eligible, through a United Way epledge site.

For regional and national campaigns managed by a corporate office or headquarters, United Way staff and your organization's point of contact for the campaign will confirm giving options.

After employees contribute, your organization or its corporate office provides either paper pledge forms or an electronic file detailing gift amounts and donor names. Without payroll data, United Way is unable to thank your employees for their gift or provide tax receipts.

Pledge Remittance

Remittance of payroll deductions and corporate gifts can be made on a weekly, monthly, quarterly, or annual basis. United Way of the Dutchess-Orange Region will track the collection of funds for employee and corporate giving.

Designated Giving and Processing Fees

Prior to remitting donations to designated agencies, United Way must certify that the agency is eligible to receive a charitable gift. Designated agencies are required to be a government agency or both a 501(c)3 and Patriot Act Compliant as eligible to receive contributions. If United Way is unable to certify a designated agency, United Way will send a letter to the donor requesting additional information. If no response is received from the donor within 30 days, a second letter will be sent giving the donor an additional 30 days to respond. If no response is received from the donor to the second letter, the gift will be redirected to United Way's community fund, supporting community needs in Education, Income, and Health.

United Way will distribute funds to designated agencies quarterly. United Way withholds a designation fee of 15% on all gifts. These restrictions are necessary to ensure processing costs are covered.
