A Message from our President & CEO and Chair of the Board

Dear Friends,

During Fiscal Year 16, which this Annual Report reflects, your United Way continued to expand its reach to serve our community. Our mission continues to reflect the desire to build a stronger, healthier community by raising funds, developing resources and forging partnerships that make a measurable difference in people's lives.

From July 1, 2015 to June 30, 2016, we positively impacted 124,424 individuals in Dutchess and Orange counties. There were more than 17,000 calls to 2-1-1 connecting those in need with organizations to help them with food, housing, employment, and much more! Almost \$6.8 million in tax refunds was generated for our counties' residents through the volunteers of AARP Foundation Tax Aide and the Hudson Valley CA\$H Coalition. In addition, we continued to find ways to help our nonprofit partners extend the reach of their programs through your support.

During the spring of 2016, a nurse at Gov. Clinton Elementary School in Poughkeepsie contacted United Way after we had a site visit at her school. She asked us if we could help her students who were coming to school, sometimes without underwear or socks. Thanks to your generosity, the hygiene drive that followed provided not only underwear and socks for her students, but for students throughout Dutchess and Orange counties. Your generosity was amazing to witness.

Looking back at what we accomplished in 2015-16 is inspiring and we hope to continue to build these partnerships to do even more in the future – with your help.

For the upcoming year of 2016-17, we will ask you for your support – fiscally through your workplace campaigns and individual gifts, through your volunteer hours, and your support of our events.

Thank you again for your continued support of United Way!

Sincerely,

A handwritten signature in black ink that reads "Jeannie Montano".

WHAT DOES COMMUNITY IMPACT MEAN?

Advancing the common good is less about helping one person at a time and more about changing systems to help all of us. We are all connected and interdependent.

We all win when a child succeeds in school, when families are financially stable, when people are healthy. United Way's goal is to create long-lasting changes by addressing the underlying causes of these problems. Living united means being a part of the change.

By committing to LIVE UNITED, we're changing the lives of people in our community today, tomorrow and into the future by helping them meet day-to-day challenges they confront while supporting themselves and their families, and

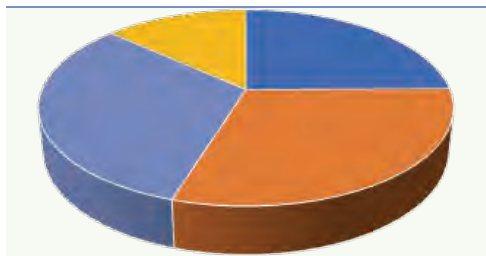

preventing dangerous behaviors and crisis situations down the line.

All of us can help change the trajectory of their lives by building a foundation for success, helping them gain the skills and experiences that will enable them to thrive as members of our community.

We create fundamental and lasting change by fostering collaborations that transform the systems we rely on for a successful community.

It takes everyone in the community working together to create a brighter future. Give. Advocate. Volunteer. LIVE UNITED.

OUR INITIATIVES

OUR WORK DOESN'T STOP WITH FUNDING, WE SUPPORT VOLUNTEERISM, PROMOTE FINANCIAL STABILITY AND PROVIDE BASIC NEEDS.

United Way opens up its doors throughout the year on quarterly Days of Sharing to nonprofit organizations from Dutchess & Orange Counties. Representatives search the rooms and shelves of the basement for basic necessities for clients and their programs. The new goods are donated by Bed Bath & Beyond, Calvin Klein, Izod and Van Heusen, among other retailers. During June's Day of Sharing, a counselor found a bed and bedding for a family that sought refuge from domestic abuse. As they could not bring anything with them, these items meant everything to them.

ENERGY PENETRATION PROGRAMS

For residents in Orange County, the Fuel Fund is better than a wooly blanket on a snowy night. It's support when they need it most. The Orange County Fuel Fund, a partnership of Orange County Government and United Way, helps those struggling to pay their heating bills, but who do not qualify for the federally

funded H.E.A.P. (Home Energy Assistance Program). It provides peace of mind to recipients who now can heat their home, and keep their family warm through the winter. Each household that qualifies for a heating grant from the Fuel Fund may participate in the Energy Savers Program which includes financial literacy, budgeting, and energy conservation workshops. It helps people help themselves.

It's thanks to YOU!

My journey as a supporter of United Way began 14 years ago as I attended my first presentation here at Orange County Trust Company. I felt a connection to the mission of United Way as I always believed myself that if we truly cared about others and got involved in helping ways, we could change people's lives for the better. Although I made a contribution every year, donating as much as I could as a single parent raising two children, my life had never been as directly impacted by the work of United Way as it has been in the past year.

Almost a year ago, my sister and her two children came to live with me. My niece, a smart and loving 16 year old and my nephew, a very loving 7 year old diagnosed with Autism Spectrum Disorder. They moved to the States from Puerto Rico hoping to find a better environment for my nephew to receive the care and services he needed to address his special needs.

We enrolled my nephew in our school district and while waiting for permanent placing within BOCES, he began to receive services provided by the Orange County Mental Health Association.

The Orange County Mental Health Association receives grant money directly from United Way, which they use to fund several of their programs. My nephew attends two weekly one hour sessions that help him socialize with other children, thereby increasing his ability to interact with a broader world. My niece attends a weekly sibling's class which helps her better understand her brother's condition and provides her an outlet to speak with other siblings of children with Autism and how their lives are impacted. My sister attends parenting classes twice a week where she has the opportunity to learn from other parents of autistic children ranging in age from 5 -15.

I can't help but think, that if it were not for the grant money provided by United Way, the Orange County Mental Health Association would not be able to provide all of these services that my family have been fortunate to have available to them.

I feel privileged that I have been able to contribute to United Way for the past 14 years and that my contributions may have helped other families along the way as they are now helping mine.

Thanking you in advance for your contributions,

Haydee

OUR ACCOUNTABILITY STATEMENT

We have a responsibility to you, our donors, and to the entire community, to ensure that the dollars you entrust to us are invested in ways that produce the greatest measurable impact on lives, enabling our region to thrive. Our investment strategy unites a network of more than 33 partner organizations and 50 programs under a set of shared goals. Our funding is tied to the achievement of specific measurements, increasing our likelihood of driving substantial change in our region.

GIVE. ADVOCATE. VOLUNTEER. LIVE UNITED®

A credo. A mission. A goal.
A constant reminder that when we,
as individuals, think outside ourselves,
we have the power to facilitate change.

When we think of others' lives as
linked to our own, our compassion grows.
When we reach out a hand to one,
we influence the condition of all.

We build the strength of our neighborhoods.
We bolster the health of our communities.
And we change the lives of those
who walk by us every day.

More, it is a command.
TO GIVE. TO ADVOCATE. TO VOLUNTEER.

Because United, we stand.
United, we move through.
Above. And beyond.

United, we can change what we see in our world.
